Might you (parent) be interested in helping drive players to tournaments in Phoenix, Tucson or Northern Arizona?

It is always wonderful when parents are willing to volunteer their time and efforts to make the club experience better for all of the players. Our region tournaments are all-day events, and often there is not enough time (or drivers) for a whole team to leave the tournament to get lunch. In the past, parents have been kind enough to travel to get food for the players or bring snacks to tide them over until their next match. I am sure the kids would not mind us petitioning you to bring food and water to their tournaments when possible. Thanks, AZP Staff.
